

# Call for Panel Participants

## Facilitating Holistic Wellbeing in the Research Process

24 January 2020 (8:30am – 5:30pm)  
University of Glasgow, UK

### BSA Postgraduate Forum Regional Event

Fieldwork is frequently part of the sociological research process. Despite being a key aspect of postgraduate research, it can be an isolating experience with room for nuanced conversations on power, vulnerability and mixed emotions. Preparing to encounter these feelings and building a caring community can help while undertaking fieldwork. This Postgraduate Regional Event will be a relational, creative space to discuss personal experiences, find solutions to shared challenges, and generate support networks.

We are seeking **four** Sociology postgraduate student/ECR panelists to take part in a Fieldwork Experience Panel/Q&A. Participation will include sharing your fieldwork experience and advice with event participants (up to 30 people). We are seeking panelists with diverse knowledges and want to include perspectives from those who have researched in the UK or abroad, and within or outside their own communities.

### How to Apply

Interested applicants should send a brief expression of interest to Jessica Penney ([j.penney.1@research.gla.ac.uk](mailto:j.penney.1@research.gla.ac.uk)) by **December 13, 2019**. This expression of interest should include research field and year of study (if a student), fieldwork experience, and motivation for participating in the panel.

Travel expenses and registration fees will be paid for the selected Student/ECR panelists.
