

## Call for chapter abstracts

**Book Title:** Food futures in education and society

*Synopsis:* This book brings together a multidisciplinary collection of chapters on food education from across the globe with a focus on policy, pedagogy, health, psychology, sociology and place. The multifaceted aspects of food education will be of interest to policy makers, activists, school leaders, teachers and academics.

We are now registering interest so please submit your abstract if you believe your chapter could fit into one of the following broad themes:

- Policy, Curriculum and Pedagogy (Education; Teacher Education)
- Psychology of food (food choice; eating behaviours; health and wellbeing)
- Sociology of food (class; race; gender; intersectionality)
- Place (Geography; food futures; climate change; environment; culture)

*Instructions:* Please email me with a proposed chapter title and 200-word abstract alongside a short biography (100 words) via my email.

Look forward to reviewing your abstracts.
