

BSA Mentoring Month: Mentee Guidelines

- Applications open in October.
- To apply as a Mentee, you must be a current BSA member and complete the Mentee Application Form by the stated deadline. Please provide the most appropriate email address for all mentoring-related communications.
- In December, you will receive an email inviting you to select your top three preferred Mentors from the available list. Matches are allocated on a first-come, first-served basis, and due to limited availability, we cannot guarantee your preferred match.
- By the end of January, you will be notified of your Mentor match or advised if a match could not be made.
- Your Mentor will contact you directly using the email address provided on your application. You and your Mentor can decide how you would like to conduct the session.
- You should expect to have at least one mentoring session of 30 minutes. Any additional time or sessions are at the Mentor's discretion and subject to their availability. If both parties wish, you may continue the conversation beyond the initial session.
- We encourage mentoring sessions to take place in February. However, we recognise that schedules may not always align, so sessions can take place at a later date if necessary.
- In April, you will receive a feedback survey, providing an opportunity to share your experience of the programme.

If you have any questions about the scheme or are interested in joining the BSA to take part, please [contact us](#).
